February 2023 MY 23

INSPIRED BY YOU

ENTERPRISE EDITION

Comfort and Convenience

Front electric windows
Twin lens door mirrors with electrically adjustable and heated upper mirror
Reach adjustable steering wheel
Two cupholders with mobile phone storage in centre of lower dashboard

Air conditioning

Safety and Security

ABS braking including EBA and EBFD
Remote central locking with deadlocking
Daytime running lights
Driver airbag
Perimetric alarm
Cruise Control with programmable speed limiter (not available on Relay 40 or electric versions)

Seating

Drivers seat with height, rake, lumbar and reach adjustment and driver's armrest
Dual passenger bench seat
Four seat rear bench with 3-point seatbelts to outer seats
Lap belts to inner seats (crew cab only)

Technology and Entertainment

7" Colour touchscreen with DAB radio, Mirrorscreen with AppleCarPlay and Android Auto, integrated satellite navigation, Bluetooth® handsfree, USB socket and steering wheel mounted controls
Telematics box for Free2Move Connect Fleet Services - not available on electric versions*

Conversion Equipment

Conversion interface box
Backless cab (floor cab only)

CO2 figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO2 emission output.

*Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other vans tested to the same technical standard. The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.

Legal notice ELECTRIC VEHICLES:

(1) The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as : speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used. Please contact your dealer for further information. For more information [refer to the website that each of the Brands has put in place to explain the WLTP.]

2. ELECTRIC VAN PRICING BREAKDOWN

To make the pricing of our fantastic e-Relay vans as simple as possible, we have provided a basic breakdown below. Please note that the Plug in Van Grant is applied to the Base Vehicle Price (incl. VAT) including any manufacturer discounts. We have not included any manufacturer discounts in the breakdown below, and so the prices are subject to change based upon any discounts being offered at the time. Please contact your local Dealership to find out about any manufacturer promotions which may impact the amount of PiVG that you can receive, and therefore the overall price of the vehicle. Each business, organisation or individual may receive up to 1000 grants each financial year (1 April to 31 March). Limits apply to end customers and not to lease companies.

| | Length | Version | Gross Vehicle Weight (kg) | WLTP CO2 g/km | LCDV Code | Basic M.R.R.P. | V.A.T. | Total M.R.R.P. | Government Grant * * | Basic Price after PiVG | Total Retail Price after PiVG | OTR Price after PiVG |
|-------------|--------|--|---------------------------|------------------|------------------|----------------|---------|----------------|-------------------------|---------------------------|----------------------------------|-------------------------|
| Chassis Cab | L3 | e-Relay 35 Heavy Electric 75kWh Chassis Cab Enterprise Edition | 3500 | 0 | 2CU96GHS86U009E5 | £59,710 | £11,942 | £71,652 | £5,000 | £54,710 | £66,652 | £67,541 |

* * The Government PiVG is worked out as follows:

35% of the Base Vehicle Price (incl. VAT) and including any discounts applied up to a maximum of £5,000

Each business, organisation or individual may receive up to 1000 grants each financial year (1 April to 31 March). Limits apply to end customers and not to lease companies.

| L3 | Relay 35 BlueHDi 140 S65 6-speed manual Floor Cab Enterprise Edition | 3500 | 1705 | 0 | 1795 | 1850 | 2000 | 6000 | 2500 | 750 | 100 | 0 |

(1) Without driver. Kerb weight is calculated for a European base specification vehicle including oil, water, lubricants, tools, spare wheel and 90% full fuel tank. Weights may change with the addition of equipment.

(2) Maximum indicative payload is calculated as the difference between GVW and kerb weight. However, due to manufacturing tolerances and differences in the specification of UK vehicles, the mass in service figure provides a closer indication of the vehicle weight and therefore enables a more realistic payload to be calculated. An individual vehicle must be weighed to establish the exact kerb weight and payload applicable to that vehicle. It is the responsibility of the driver to ensure the vehicle is operated within the legal limits.

(3) Within limits of GVW.

(4) Maximum recommended towing weight within limits of GTW.

9. KEY DIMENSIONS OF YOUR RELAY VAN

CITROËN 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK Citroën Dealer benefit from a Citroën 2 - Year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the Citroën Dealer Network in the UK. This additional warranty carries a mileage limit of 100,000 miles from first registration and is dependent upon the manufacturer's recommended servicing being carried out at the specified time or distance intervals. For full terms and conditions, please consult your Citroën Dealer in the UK.

CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both van and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional Citroën Assistance via your local Citroën Dealer at any time. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. e-Relay comes with a free of charge 8 year or 100,000 miles (whichever occurs first) Citroën Assistance starting from the date of registration. Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

CITROËN FINANCIAL SERVICES

Free2Move have a number of financial products designed to help you afford the Citroën of your choice. We can arrange a finance plan quickly and conveniently. What's more, it will be as suited to your needs as your new Citroën. Our finance plans combine all the know how of a company that has an extensive knowledge of the car market with a financial service you can trust. Tell your Citroën dealer what you want and let us do the rest. Just ask for a free, no obligation quote. Written quotations are available on request from Banque PSA UK Finance Ltd, 61 London Road, Redhill RH1 1QA. Finance is subject to status. Over 18's only, a guarantee may be required.

CITROËN SERVICING

Available up to one year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing package enables you to pay in advance for:

- ↳ Scheduled Servicing
- ↳ Annual Service(s) for vehicles with a two year service plan
- ↳ Brake Fluid Replacement

This package can be personalised depending on your needs, with options ranging from 12 to 60 months and 10,000 to 100,000 miles.

TERMS AND CONDITIONS

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct at the time of going to print. It is our policy to continually improve our vehicles in every way and we reserve the right to modify our vehicles' price, specification (including colour), equipment, accessories and characteristics or to discontinue any model, without notice, at any time. To avoid any misunderstandings you are advised to check with your Citroën dealer the specification (including colour), equipment accessories and equipment relating to any Citroën vehicle and the exact cost and availability prior to ordering. Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

For further information call Citroën Fleet Connect on 02477 714133 or visit our website at www.citroen.co.uk.

LUTON

Lutons are chassis fitted with a large enclosed box on the back. The cargo area of the luton van extends over the cab. These vehicles are perfect for moving large goods.

- Load volume up to 20m³
- Body approved to European Standards
- Key features:**
- Aerodynamic pod providing additional storage area
- Lightweight roller shutter rear door
- 15mm thick floor
- Interior LED light
- Internal load locks and tie rails along side panels
- High impact kick strips along side panels and bulkhead to provide protection
- Tail lift fitted as standard

LOW FLOOR LUTON

Low-floor lutons are luton vans built on floor cabs (as opposed to chassis cabs), therefore providing the user with an easy access loading height and eliminating the need for extra loading equipment

- Load volume upto 20m³ with low loading height of only 550mm
- Body approved to European Standards
- Key features:**
- Aerodynamic pod providing additional storage area
- Double doors opening to 270°. Fitted with stainless steel cam locks, hinges and door open retainers
- High-quality GRP panels (11mm thick)
- 15mm thick floor
- Internal load locks and tie rails along side panels
- Interior LED light

CREW VAN

Crew Vans are designed to enable both passengers and cargo to be transported safely and efficiently

- Three-seat bench in row 2 with 3-point seat belts, fixed side windows, cloth headlining and non slip floor
- Full, toughened plastic bulkhead with polycarbonate window fixed behind row 2 seats (in-lieu of full steel bulkhead behind row 1)
- Moulded side panels with integrated bottle holders

TIPPER

Tipper are commercial vehicles with an open platform that can be raised at the cab end to enable the load to be tipped out with ease

- Load length up to 2.87m
- Body approved to European Standards
- Key features:**
- Double-skinned aluminium sideboard
- High vis red and yellow finish to the tailboard
- 15mm thick, full birch non-slip deck
- Lashing rings built into aluminium side extrusions
- Electro-hydraulic lift with automatic overload prevention system
- Three levels of load-lashing rails against the bulkhead and long load-lashing rail incorporated along top of the tailboard

DROPSIDE

Dropsides are commercial vehicles with an open platform that has fold-down side panels, allowing easy loading and unloading of goods

- Load length up to 3.64m
- Body approved to European design standards
- Key features:**
- Boards are designed to withstand a burst load of 1.7 tonnes
- Three levels of load-lashing rails against the bulkhead
- Aluminium corner posts that extend above the tailboard to form lateral stops
- 15mm thick, full birch non-slip deck
- Lashing rings built into aluminium side extrusions
- Boards are designed to withstand a burst load of 1.7 tonnes

CURTAINSIDE

Curtainsides are similar to box vans, except the sides of the body slide open (like curtains), enabling side access as well as rear access for loading and unloading goods

- Load volume up to 20m³
- Body approved to European design standards
- Key features:**
- Aerodynamic pod providing additional storage area
- Lightweight rear barn doors with anti-corrosion external locking
- Blue curtains with side aperture of 2080mm
- 15mm thick floor
- Aluminium "V" groove side rail with four pull-up hooks at 1m intervals
- High impact kick strip along bulkhead to provide mitigation
- Interior LED light

CO2 figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO2 emission output.

*Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other vans tested to the same technical standard. The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.

Legal notice ELECTRIC VEHICLES:

(1) The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as : speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used. Please contact your dealer for further information. For more information [refer to the website that each of the Brands has put in place to explain the WLTP.]

*WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vans tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

WLTP and NEDC data is provisional until final conversion data is available

The Co₂ figures shown to NEDCeq (New European Driving Cycle Equivalent) for the base Relay Chassis Cab prior to conversion. These are calculated using an EC correlation tool which converts WLTP figures to NEDC. These NEDCeq figures are based on the outgoing test cycle.

The weight figures shown are provisional subject to receiving final data from the converters

(1) Without driver. Kerb weight is calculated for a European base specification vehicle including oil, water, lubricants, tools, spare wheel and 90% full fuel tank. Weights may change with the addition of equipment.

(2) Maximum indicative payload is calculated as the difference between GVW and kerb weight. However, due to manufacturing tolerances and differences in the specification of UK vehicles, the mass in service figure provides a closer indication of the vehicle weight and therefore enables a more realistic payload to be calculated. An individual vehicle must be weighed to establish the exact kerb weight and payload applicable to that vehicle. It is the responsibility of the driver to ensure the vehicle is operated within the legal limits. This figure includes the driver.

(3) Within limits of GVW.

VAT is calculated at 20 %

VAT is not applicable to vehicles sold in the Channel Islands

CITROËN 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK Citroën Dealer benefit from a Citroën 2 - Year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the Citroën Dealer Network in the UK. This additional warranty carries a mileage limit of 100,000 miles from first registration and is dependent upon the manufacturer's recommended servicing being carried out at the specified time or distance intervals. For full terms and conditions, please consult your Citroën Dealer in the UK.

CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both van and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional Citroën Assistance via your local Citroën Dealer at any time. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

CITROËN FINANCIAL SERVICES

Free2Move have a number of financial products designed to help you afford the Citroën of your choice. We can arrange a finance plan quickly and conveniently. What's more, it will be as suited to your needs as your new Citroën. Our finance plans combine all the know how of a company that has an extensive knowledge of the car market with a financial service you can trust. Tell your Citroën dealer what you want and let us do the rest. Just ask for a free, no obligation quote. Written quotations are available on request from Banque PSA UK Finance Ltd, 61 London Road, Redhill RH1 1QA. Finance is subject to status. Over 18's only, a guarantee may be required.

CITROËN SERVICING

Available up to one year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing package enables you to pay in advance for:

- Scheduled Servicing
- Annual Service(s) for vehicles with a two year service plan
- Brake Fluid Replacement

This package can be personalised depending on your needs, with options ranging from 12 to 60 months and 10,000 to 100,000 miles.

TERMS AND CONDITIONS

All information and prices correct at time of publication, but are subject to change at any time without prior notice

(which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct at the time of going to print. It is our policy to continually improve our vehicles in every way and we reserve the right to modify our vehicles' price, specification (including colour), equipment, accessories and characteristics or to discontinue any model, without notice, at any time. To avoid any misunderstandings you are advised to check with your Citroën dealer the specification (including colour), equipment accessories and equipment relating to any Citroën vehicle and the exact cost and availability prior to ordering. Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

For further information call Citroën Fleet Connect on 02477 714133 or visit our website at www.citroen.co.uk.

CITROËN RELAY & Ë-RELAY CONVERSION PLATFORMS

Prices

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government). Please see our Prices and Specifications brochures or contact your local Citroën Retailer for the most up-to-date prices and specification details for all models. CO₂ figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO₂ emission output.

Legal notice ELECTRIC VEHICLES:

The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as: speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

* WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vans tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

† All Manufacturer's Recommended Basic Prices are exclusive of V.A.T., Delivery to Retailer and Number Plates, Government First Registration Fee and Vehicle Excise Duty.

^ The Government PiVG is worked out at 35% of the Base Vehicle Price (incl. VAT) and including any discounts applied up to a maximum of £5,000.
